

Emergency Services of Barron County

Training Announcement

“FORENSIC CONSIDERATIONS FOR RESPONDERS”

ANNOUNCEMENT

This collaborative training is presented to support all local responders in an effort to enhance patient care and on-scene skill levels. Program partners include Emergency Services of Barron County, MCHS-Barron, Marshfield Medical Center, and Cumberland Hospital.

OVERVIEW

This three (3) hour training is designed for pre-hospital responders to explore considerations surrounding potential crime scenes and assisting/assessing sexual assault victims.

This presentation will include a 1-hour EMR Advanced Skill Review to serve as continuing education.

PRESENTATION TOPICS INCLUDE

- 1) Body of Evidence and Crime Scene Considerations
- 2) Sexual Assault and Domestic Violence
- 3) Advanced Skill Review: CPR/AED

COST

Free to all agencies

WHO SHOULD ATTEND

Local and regional pre-hospital personnel from EMS, fire departments, and first responder agencies.

To accommodate varying schedules, this training is being offered on three separate occasions at different locations.
