

# Grain Bin Rescue Training

## **ANNOUNCEMENT**

Over the past several years, Barron County has experienced several fatalities due to silo and grain bin entrapments. To supplement emergency response efforts, Emergency Services of Barron County is hosting a no-cost Grain Bin Rescue training for all area responders.

## **OVERVIEW**

This four (4) hour training reviews grain bin rescue, responder safety, patient safety, and extrication techniques. Training will include an onsite grain bin (mounted to trailer) for hands-on practical scenarios.

## **TOPICS WILL INCLUDE**

Confined Space  
Lockout/Tagout  
Grain Bin Entry  
Compartment Syndrome  
Anchor Points  
Hands-On Scenarios

## **WHO SHOULD ATTEND**

Any responder (fire, ems, law, air medical, first responder, etc) that could respond to a grain bin entrapment

## **WHAT TO BRING**

Attendees are encouraged to bring a harness, helmet, glasses, gloves, and hearing protection if you have them. If not, extras will be available

Firefighters should bring bunker gear. Departments are also encouraged to bring their own rescue equipment (rescue panels, cutting saws, etc).

## **PLEASE REGISTER THROUGH THE BELOW LINK:**
